# Divers

Some people learn to dive the other are born to.  
Dive is a conversation between your body  
& soul. Your potential is endless, just you and  
the sea. Go where you feel most alive.  
Sink beneath the surface and dive.  
The best view comes under the deep  
surface. Underwater is your home.

Some people learn to dive the better they learn the more they know. Others learn to dive the more they know the better they learn. Both are true. The difference is in the way you learn. If you are a visual learner, you will learn best by watching someone else do it. If you are an auditory learner, you will learn best by listening to someone else talk about it. If you are a kinesthetic learner, you will learn best by doing it yourself. If you are a reading/writing learner, you will learn best by reading and writing about it. The best way to learn is to use all of these methods. Underwater is your home.
